

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

Enough is Enough.....

I have to listen to cell phones in restaurants, movies, stores, shopping malls, church, on the street, in the parks and on the highways...now I have to board a plane for a long flight and listen to someone do their work, or have some insidious conversation that can wait til the plane lands, or when someone puts their kid on and lets him babble on and on.....NO MORE OF THIS !!!

Its time for the powers that be to put an end to this idiocy by regulating the individuals who have no consideration for anyone elses privacy and to keep those who like to work on MY TIME in the office. No one and Nobody is that important...even if they think they are.

Sincerely,

Angelo Serina
